## ABOUT ME

I am a meditator and an inquisitive, goal-oriented, and empathetic individual with a passion for lifelong learning and personal growth. I've **completed three internships** in web development , app and web app development. As a team leader for my final year and mini projects, I've gained valuable leadership experience.

My volunteer work at the Buddha-CEO Quantum Foundation is always expanding my understanding of the quantum energy field . I'm proud to have earned a Gold Badge on HackerRank.

Professionally, I develop both web and mobile applications, which I am deeply passionate about. I approach every task with dedication and a growth mindset, always striving for excellence and completing tasks ahead of time. I treat everyone with the same respect I expect for myself, communicating boldly yet kindly. My proactive nature drives me to tackle challenges head-on, avoiding procrastination in any form.

## SKILLS

**PROGRAMMING LANGUAGES** - DART (ADVANCED) | PYTHON (INTERMEDIATE) | PHP(INTERMEDIATE) | C(BASICS)

**FRAMEWORKS** - FLUTTER | REACT

**FRONTEND TOOLS** - HTML | CSS | JAVASCRIPT | BOOTSTRAP

**BACKEND TOOL** - NODEJS

**DATABASE** - MONGODB | SQLITE

**VERSION CONTROL** - GIT

**OPERATING SYSTEM** - LINUX(BASICS)

**PROBLEM SOLVING**

**COMMUNICATION**

## PROJECTS

**SHARING EXPERIENCES PROJECT: [***Git Link***]**

- Created a helpful platform to facilitate the sharing of meditation experiences. Used Flutter, Node.js, MongoDB, for development.
- Users can capture a video through the mobile camera or upload one from a gallery with the experience category and a description about their experience.
- The most recent experiences shared are updated on the front page. Users can find their shared experiences on their profile page.
- Created a similar project in **MERN STACK [***Git Link***]**

**DOCTOR APPOINTMENT BOOKING SYSTEM:**

- Developed a system for scheduling doctor appointments for a small clinic/hospital, optimizing scheduling of appointments and reducing wait times for patients.
- Deployed on Azure cloud architecture for scalability and easy accessible.
- Logic App features integrated to intelligently link patients with appropriate physicians depending on their stated health issues, improving effectiveness and patient contentment.

---

## EDUCATION

- **BE CSE (2020-2024)**    -   **(8.5/10) CGPA**  in PARK COLLEGE OF ENGINEERING AND TECHNOLOGY

- **SSLC (2017-2018)**       -  **96.8%** in ST.JOSEPH'S MATRICULATION HIGHER SECONDARY SCHOOL
